

## What is the Community Service Center at Margaret Square?

The Community Service Center at Margaret Square has been working closely with the members of The Meadows Community for 10 years. We are currently administering 5 programs designed to serve the needs of this community by providing experiential, issue-focused service learning opportunities. The five interrelated programs include:

ASAP (After-School Achievement Programs)

Spring Break & Summer Camps

Community Planning Workshops (CPW)

Resource Assistance for Communities in Need (RACN)

Making a Difference: Volunteer Opportunities

Programs supported by the  
Community Service Center of Central Florida

612 Wilks Avenue  
Orlando, FL 32809  
Main Office Phone: (407) 851-5920  
Fax: (407) 855-6189

## ASAP (After-School Achievement Program)

ASAP is an after-school interdisciplinary setting focusing on the following concentrations:

Read to Succeed,  
Write for Life,  
Strengthening the Bond (Family),  
Working Together (Social),  
Paying it Forward (Civic),  
Cultural, Diversity & Arts—Breaking Down Barriers & Expanding Creative Potential,  
Buy Into It (Financial),  
Technology for Today (Computers),  
Steps for Success (Employment),  
World at your Fingertips (Media),  
Healthy Mind, Body & Soul,  
Connecting the Pieces (Life Enrichment)

## Spring Break & Summer Camps

Our spring break & summer camps are designed to fulfill academic, recreational and experiential learning concentrations. These programs provide students with opportunities to continue to grow in a positive environment. The goal of our camps is to combine interesting, hands-on activities with innovative workshop content.

## Community Planning Workshops (CPW)

Community Planning Workshops are a culmination of life enrichment resources and services to improve the quality of life for the adult residents. CPW is comprised of three programs:

Basic Work Skills: We provide basic workshops educating adults about issues concerning employment. Creating and updating resumes, the latest job openings in the community, and interview expectations and practice are some of the subjects we cover.

Life Management Skills: We aid in financial resources, including unemployment benefits and household budgeting, as well as parenting classes, stress management tips, and other educational opportunities.

Computer Classes: The Margaret Square Rec Center has a computer lab available to all residents during office hours. The staff can provide basic computer skills education including internet and Microsoft processing programs.

## Resource Assistance for Communities in Need (RACN)

The CSC at Margaret Square aims to bring the community together through several events including a quarterly Community Block Party, Community Health Fairs, and a Resident Advisory Council.

Other resources that are available to our community members include:

Clothing Closet  
Computer Lab  
Employment Assistance  
Mental Health Service Referrals  
Family Stabilization Program  
Library Resource Center

## Making a Difference: Volunteer Opportunities

The Community Service Center at Margaret Square provides a variety of opportunities to volunteer on both an individual and group basis. We always welcome volunteers to help out with our ASAP after school programs by assisting the children with their homework or by planning and implementing a program based on our twelve concentrations. Volunteers are also able to assist in the developing and execution of our quarterly Community Block Parties, maintain and help community members access our Food Pantry and Clothing Closet, and to help with the overall care and improvement of our facility. Furthermore, we work with colleges (both locally and out-of-state) as well as churches to develop volunteering opportunities, and we host Alternative Spring Breakers that allow college students from all over the country to give back during their spring break.
